Rights of Each Patient

Every patient receiving care at Metropolitan Medical Associates shall have the following rights;

1. To be informed of these rights, as evidenced by the patient's written acknowledgement, or by documentation by staff in the medical record, that the patient was offered a written copy of these rights and given a written or verbal explanation of the rights, in terms the patient can understand. Metropolitan Medical Associates will notify patients of any rules and regulations it has adopted governing patient conduct in the facility.
2. to be informed of services available in the facility, of the names and professional status of the personnel providing or responsible for the patient's care, and of fees and related charges, including the payment, fee, deposit, and refund policy of the facility and any charges for services not covered by sources of third-party payment or not covered by the facility's basic rate.
3. To be informed if the facility has authorized other health care and educational institutions to participate in the patient's treatment. The patient shall also have a right to know the identity and function of these institutions, and to refuse to allow their participation in the patient's treatment.
4. To receive from the patient's physician(s) or clinical practitioner(s); in terms that the patient understands, an explanation of her complete medical/health condition or diagnosis, recommended treatment, treatment options, including the option of no treatment, the risks of treatment, and expected result. If this information would be detrimental to the patient's health, or if the patient is not capable of understanding the information, the explanation shall be provided to the patient's next of kin or guardian, along with the reason for not informing the patient directly, shall be documented in the patient's medical record.
5. To participate in the planning care and treatment and to refuse medication and treatment. Such refusal shall be documented in the patient's medical record.
6. To be included in experimental research only when the patient gives informed, written consent to such participation, or when a guardian gives such consent for an incompetent patient in accordance with law, rule and regulation. The patient may refuse to participate in experimental research, including the investigation of new drugs and medical devices.
7. To voice grievances or recommend changes in policy and services to facility personnel, the governing authority, and/or outside representatives of the patient's choice either individually or as a group, and free of restraint, interference, coercion, discrimination or reprisal.
8. To be free from mental and physical abuse, free from exploitation, and free from use of restraints unless they are authorized by a physician for a limited period of time, to prevent the patient or others from injury. Drugs and other medications shall not be used for discipline of patients or for convenience of facility personnel.
9. To confidential treatment of information about the patient. Information in the patient's medical record shall not be released to anyone outside of Metropolitan Medical Associates without the patient's approval, unless another health care facility to which the patient was transferred requires the information, or unless the release of the information is required or permitted by law; to third party payment contact, or a peer review, or unless the information is needed by the NJ Department of Health for statutorily authorized purposes. The facility may release data about the patient for studies containing aggregated statistics when the patient's identity is masked.
10. To be treated with courtesy, consideration, respect, and recognition of the patient's dignity, individuality, and right to privacy, including, but not limited to, auditory and visual privacy. The patient's privacy shall also be respected when facility personnel are discussing the patient.
11. To not be required to perform work for Metropolitan Medical Associates unless the work is part of the patient's treatment and is performed voluntarily by the patient. Such work shall be in accordance with local, State and Federal laws and rules.
12. To exercise civil and religious liberties, including the right to independent personal decisions. No religious beliefs or practices, or any attendance at religious services, shall be imposed upon the patient.
13. To not be discriminated against because of age, race, religion, sex, nationality, or ability to pay, or deprived of any constitutional, civil, or legal rights solely because of receiving services from the facility.
14. To expect and receive appropriate assessment, management and treatment of pain as an integral Component of that person's care in accordance with N.J.A.C. 8:43E-6.
